

The best way to describe our service:

Concierge Banking at Town & Country Bank gives you “private banking” style service! There’s never any waiting in teller lines, because we don’t have tellers. Whether you’re cashing a check, making a deposit or opening a new account, your every transaction can be accomplished in privacy at your Concierge Banker’s desk. And, you’ll always be able to reach us by phone because you get your Concierge Bankers’ cell number. Now that’s service!

Of course, you also have full online and drive-up banking options at Town & Country. So however you choose to bank, we’ll make it a simple pleasure.

You’ll also get a free Town Card™ offering time-of-purchase cash discounts at hundreds of local stores, restaurants and businesses. Just one more bell and whistle.
