## **Town & Country Bank Exceeds Growth Targets**

*ST. GEORGE, UT*—Town & Country Bank ended its quarter ending May 18th ahead of growth projections. The 27-month old bank reports that it has increased assets to \$63.1 million, or 5% ahead of plan. Deposits stand at \$55.5 million and net loans at \$43.7 million, both above forecast.

*Brad Hales*

Brad Hales, Executive Vice President & Chief Financial Officer, says “We’re quite happy to see consistent quarterly growth at Town & Country. We’ve developed a healthy loan portfolio with stable borrowers, and our “high touch” concierge banking model continues to attract relationship-oriented customers.”

The bank has introduced several unique banking concepts to Southern Utah, including its free business courier service and its “Town Card”—an ATM/debit card offering time-of-purchase discounts at hundreds of local stores and restaurants.
