Town & Country Bank Holds Groundbreaking Event

St. GEORGE, UT— St. George-based Town & Country Bank held a groundbreaking event this morning in preparation for its upcoming move to 405 East St. George Boulevard in downtown St. George. Bank officials gathered with the St. George Chamber of Commerce Sunshiners, members of the City Council, the Mayor and a crowd of other guests for the gold shovel groundbreaking ceremony.

Town & Country CEO Bruce Jensen says, “Our new location on the Boulevard will be more central to many customers and will better accommodate our innovative concierge banking model. The bank offers teller-less, sit-down service that Jensen said, “gives customers a more intimate and personalized method of banking.”

The bank expects to occupy its new quarters sometime around year end, and will close their temporary locations on River Road and 1450 South. To promote the Town & Country brand, the bank says the new building will look more like a country inn or residence rather than a typical bank. The completed building will be a one-and-a-half story structure with two drive-up windows.

Twenty month-old Town & Country Bank continues to expand its customer base and now has over \$52 million in assets.
