Bank promotes employee to VP

ST. GEORGE — Town & Country Bank has announced the promotion of business development officers Wendy Holt and Shannon Walker. Holt, who supervises new business activities for the bank, was elevated to the position of vice president and Walker was elevated to the position of assistant vice president.

“Both of these professionals have delivered exceptional results in a challenging environment and they have become integrally

involved in community affairs,” said Don Boshard, senior vice president and director of human resources for the bank.

Town & Country has consistently outpaced its deposit and loan projections over the last 18 months and Boshard said both Holt and Walker have played a major role in drawing new customers to the bank.

Town & Country Bank has \$50 million in assets and recently announced that it will relocate both its banking office and loan production center to a new facility at 405 E. St. George Blvd. toward the end of this year.
