TOWN & COUNTRY BANK EXCEEDS 1ST QUARTER PLAN

Having completed its first three months of operation, locally-based Town & Country Bank reports that it has exceeded first quarter projections by nearly 30%. Brad L. Hales, Executive Vice President & Chief Financial Officer, said "We are especially pleased with the levels of our asset growth and expense containment."

Hales says the bank has fared well during a period that has been difficult for other banks. "The timing of our opening sheltered us from fallout attributed to the Washington County housing correction." Further, the bank's innovative concierge banking model and groundbreaking free business courier service have won the bank a solid and growing customer base. "I think the real advantage we offer," Hales adds, "is our seasoned and accommodating staff."

The new bank opened for business near the intersection of River Road and 1450 South on February 19th. It added a separate loan production office on River Road in April.
